RMHBDA Education Scholarship 2020-21

*For Undergraduate Students and
Families Affected by Bleeding Disorders*

The Rocky Mountain Hemophilia and Bleeding Disorder Association is a chapter located in Bozeman, MT that is dedicated to representing, educating, supporting and helping those patients with bleeding disorders and their families in Montana and Wyoming. Having an association with the National Hemophilia Foundation, we gain support from the NHF, national and local corporate partners and local individuals. Our mission is to provide ongoing support through education, family camp and financial means as well as other specific programs to meet the needs of the individuals we serve.

Through the RMHBDA we recognize the many individuals including the board of directors, governance bodies, donators, sponsors and member as a reason to exist as well as the reason we do exist. Due to the generosity of many and the needs of our members it has been a long-time goal to be able to offer scholarships to our membership.

We believe that knowledge and understanding is the key to the future for the bleeding disorders community. We also understand that generous service and commitment of our members is the reason for the success of RMHBDA. With this scholarship we want to recognize those individuals who have shown commitment to the bleeding disorders community through their actions. We look to all those within our reach; those with bleeding disorders, parents, siblings, etc. We want to reward those who show courage, understanding and a commitment to the betterment of the lives of those affected. We wish all students the very best of luck in their endeavors.
